

Weekly morning masses at Holy Family Parish in Radville, SK have special meaning for the students of St. Olivier School. The K-6 school is located right next door to the parish. Each Wednesday morning prior to mass, Father Tony Pangan wanders over to the school building and picks up the students from one of the classes to attend with him. The children join a small group of community members who also attend the mass. It is a very intimate and casual environment and the students really enjoy the opportunity. The staff of St. Olivier wished to offer Father Tony many thanks and kudos for fostering this special experience in both the school and parish.

Bully Free Pink Shirt day is another special event for the students of St. Olivier School. Annually, our awesome school counsellors put together a special presentation combining Antibullying awareness and our Catholic faith values of compassion and kindness. They host an event, typically a community walk, where all are invited to wear pink T's and journey throughout town showing the strength of their spirit, faith and citizenship!
