

From St. Mary's in Estevan this time! Enjoy!

School Mission Statement: St. Mary's School is Striving for Excellence in an Atmosphere based on Christian Values that Celebrates the Uniqueness of the Whole Child.

Our school has much to celebrate and be thankful for. At the end of October, students, families carved some appropriate looking pumpkins, and then we celebrated together the "Celebration of Light" in our school gym. Letting our Christ light shine has been illuminating our gym and school for decades now. We don't hide our light under a basket, but we let it shine for all to see.

Remembrance Day was celebrated with a Mass at our school with Father Brian Meredith presiding. Laying a wreath and representing the Estevan City Police and all Canadian peace officers and soldiers was Constable Trevor Roberts as well as two of our own grade seven students. Honouring and remembering all those who have sacrificed their lives and have served Canada and others so we are able to live as we do today is always a meaningful and sobering time for reflection.

Christmas Crafts have been going strong with teachers leading students after their lunch in making something special for the Advent and Christmas seasons. Preparing for the Lord Jesus who brought us Hope, Love, Joy and Peace at His birth allows His followers to live a better life for all by focusing on ourselves and others as gifts of God.

St. Mary's School is a great place to work. We are a family that works together, plays together and sometimes, as families do, may have our special times that we don't get along or agree on something. We manage to always work things out, put others before ourselves, and as a result our

students and staff grow to become even more awesome than ever.
