

The Lord is alive in the community of Wilcox. The students of St. Augustine School invited the community to their annual Christmas concert which takes place at St. Augustine Parish. This year, the concert, Christmas Comes to Wilcox, featured a more local feel with characters derived from some of our actual community members including our town Mayor, Mr. Hoffart; Mr. Lovatt, the manager at the Notre Dame Hound Shop; and Father Gerry Bauche, our parish priest. The students sang and performed their way through their own rendition of the importance of keeping Christ in Christmas.

As a community service project, the students K-8 created Christmas cards filled with joy and hope to share with the doctors, nurses and patients of the Regina General Hospital. The cards were delivered on Christmas Day to three different units so that every patient, doctor and nurse who had to be in the hospital on Christmas would receive well wishes for the holiday season.

We look forward to beginning our season of Lent as the students prepare to choose a Prayer Pal - a student or teacher they pray for during the entire season of Lent. We think of it as a secret angel during Easter!
