

St. Olivier School in Radville, SK makes regular trips to the Marion Home to entertain the seniors dwelling there with songs and plays. Students enjoy performing and sharing what they have rehearsed and learned in their classrooms. As it is a fairly small rural community, one can bet that those folks are the grandparents or great aunties and uncles of the student performers! It is truly a gift to continue to build our faith community by connecting generations who might not otherwise get the chance to visit and celebrate together.
