

St. Augustine staff and students are wrapping up this 2016-2017 school year with hearts full of grace and gratitude as they carry forth the Word of the Lord into their summer adventures. From the "fabulously faith-filled Friday" masses with Fr. Gerry Bauche to participating in works of mercy through a community clean up and bottle drive in Wilcox, St.

Augustine school continues to thrive on utilizing their skills and abilities to make the community a beautiful place to be.

During the weeks of Lent, the students took pride in raising over \$650.00 for World Vision, more specifically, providing livestock and fruit trees along with a monthly gift to children in need. Our Grade 6-8 students took leadership roles and planned a variety of activities from 'pie-ing' a teacher to hosting a movie night among other fun and engaging fundraisers. The students were so pleased with their accomplishments!
