

SACRED HEART SCHOOL / ÉCOLE SACRÉ COEUR

GOOD NEWS

SEPTEMBER 2018

At our Good News Mass, our grade four students received their Bibles. Father Antony talked about spreading the Good News like seeds and watching them grow. He threw grain to symbolize those seeds and how God sows them around us and within us. It is because of those seeds that we are called to go make a difference in the world. We have the Good News now go out and share it! The grade fours were very excited to get their bibles and are excited to put them to good use. Thank you to the CSCC, the CWL, the Knights of Columbus and the Parish for being our mentors and guides and helping us share Jesus in our school and community.

Fred Fox came to SHSC to talk about the Terry Fox Foundation and how the support of our country has worked to achieve Terry's vision - a world without cancer. SHSC received a 20 year banner to recognize our ongoing commitment to sharing this vision with Terry and his family. Our students and staff participated in the Terry Fox walk/run on September 28th - and raised \$700.12.

All of our students had the opportunity to grow in faith with our new Youth Minister, Tim Elliott. Tim came in and worked with each of our classrooms, sharing stories, participating in activities and sharing in the love of Christ. We welcome Tim into our learning environment monthly to build foundations of faith within our students.
