

Our Story is Rooted in Him

Our start to 2019 at St. Mary's School has focused on our roots. We are all part of God's great story and we live our lives rooted in his love. As you enter our building our focus is obvious. God is with us everyday. We have celebrated this through the gift of our faith story by the presentation of bibles for our grade 4 students. We have welcomed our new kindergarten students with this same focus of beginning their stories with us. We are a family eager to begin the next chapter in our faith story. Our story is rooted in Him.
