

## The Story of Max & Dax

St. Michael School is currently fundraising for an inclusive playground. The students, staff and community have really been dedicating time and energy to the project with advertising for fundraising being the top priority. Perhaps the most dedicated of these school members is a youngster in Grade 2, Dax, who decided to sell artwork to his family and friends so that the playground could be built for his friend, Max.

Dax listed his artwork at \$2.00 per piece (or whatever people would give). He also generously donated \$90.00 of his own money. School staff, family and community members really came through allowing him to raise a total of \$660.00!!!

Needless to say, St. Michael School and Holy Family are absolutely thrilled with Dax's efforts and are pleased to showcase his kindness and faith in action. Way to go Dax!
