

## ***Stuffing Bunnies ... Affirming Faith***

The grade 5 class at St. Olivier School often gets a chance to share mercy and kindness like no other! Making toys for children who might not otherwise have any is a joyful act. The bunnies that the Grade 5 class so lovingly stuffed on September 18, 2020 are going to Kenya with the Nurses for Africa program. The last time bunnies were stuffed, they went to Haiti.

The local Catholic Women's League ladies sew the bunny following a pattern and then provide the class with the stuffing. Students were able to search and find on Google Maps where Kenya is compared to their home community of Radville. They also viewed a short clip of an orphanage there so they could have a better understanding of the significance of their GREAT DEED.
