

We are “Better Together”

St. Michael School is proud to be supporting the “Better Together” initiative this year. Better Together Weyburn, an initiative to promote personal and community well-being, was launched in January 2021 by a St. Michael School parent. Students and staff jumped on board and are proud to wear their “Better Together” shirts every Tuesday.

The SRC also wanted to find ways to promote this initiative and spread joy and positivity in our school and community. They purchased Better Together shirts and have given them out each week to students that are caught being kind. They also recently partnered with the Holy Family School Division Office in a reverse drive by parade. The SRC members made posters, blasted music and held up positive posters for the community and family members driving by.

We are so proud to be sharing in this positive initiative and look forward to wearing our shirts every week. We are all **better together!**
