

Pivoting to Remote Learning in Our Church

During the time that some of the classrooms at St. Olivier School in Radville, SK were pivoting to their first remote learning experience of this pandemic-challenged year, the Grade 5 students were scheduled to lead the Stations of the Cross at Holy Family Parish. The immediate question asked by many was, 'will they or won't they'.

It turns out that the church is a beautiful place to practice all of the safety measures learned during the Covid-19 pandemic. With the helpful guidance of the parish priest, Fr. Thuy, the students were able to provide that leadership without a pause at all.

Using the technology available to them and the full length of a few pews, the students of the Grade 5 class conducted their 'normal' Lenten activity. Even with masks in place, the words of the station prayers and reflections could easily be understood. This activity was a testament to the faith-filled community where this school operates. St. Olivier is truly blessed with the support of parishioners, neighbours and friends.
