

Prayer – Grades K - 5

Dear Creator Father,
You are with us in the land, the rivers, and the wind.
You care for all people, and You care for the earth.
We come to You with open hearts.

We are sorry for the hurt that Indigenous peoples have experienced.
We remember the children and families who were harmed in residential schools.
Help us to understand that this was wrong.

Jesus,
You teach us to love and to care for others.
Help us to listen when people share their stories.
Help us to learn from Indigenous Elders and the stories of communities in Saskatchewan.

Holy Spirit,
Guide us to be kind and brave.
Help us to tell the truth and to make good choices.
Show us how to help bring healing and peace.

Help us to learn about Indigenous traditions
and to respect their connection to the land, family, and community.
Remind us that You are present with all people.

Help us grow into people who are fair and caring.
Teach us to fix what we can and to stand up for what is right.

God of all people,
Help us walk together as friends,
showing respect, kindness, and love to everyone.

We ask this in Jesus' name.
Amen.
